# HOW WOULD YOU SPEND **\$3 MILLION** IN YOUR COMMUNITY?

**PEOPLE'S  
BUDGET  
RICHMOND**

OUR CITY. OUR MONEY. OUR IDEAS.

## RVA PEOPLE'S BUDGET

In October 2019, the City Council committed to create a participatory budgeting (pb) process that will give residents a greater say in how a part of the City Budget is spent. In 2022, a commission of resident came together to design this process calling it the Richmond People's Budget (RVAPb).

RVAPB will begin in 2024 giving residents of the city a say in how \$3 million dollars is invested into their neighborhoods. As a community we will collect ideas, develop proposals, and then vote on how these funds can make Richmond a more thriving and beautiful city.”

## GOALS FOR RICHMOND

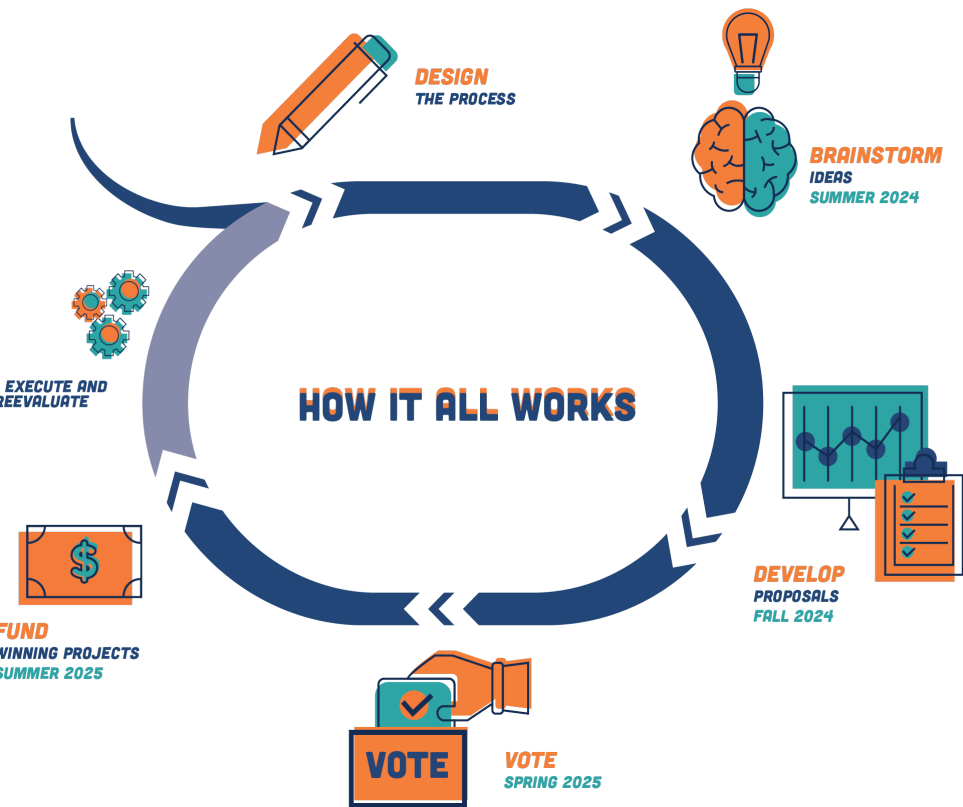

- Financial Equity
- Community Building
- Positive Community Impact

## KEY THINGS TO KNOW

Each City Council District will get \$200,000 to spend in their neighborhoods for a total of \$1.8 million.

The City as a whole will decide how the remaining \$1.2 million will be spent to support communities in need.

**You** can play in a pivotal role in helping to guide how this process moves forward.

## HOW TO GET INVOLVED

There are lots of fun and easy ways to get involved in the Richmond People's Budget

- Share an Idea online or in person
- Volunteer to help create a proposal
- Vote on the projects you like - Become a RVAPB Amplifier “
